Expand Business Opportunities
While Reducing Costs

Level III Payment Processing℠

Accept Purchasing, Corporate, and Government Cards with our secure, hosted payments solution.

Now you can offer your business and government customers the convenience of Purchasing (P-Card), Corporate, and Government card payments with an easy-to-use and cost-effective online payment solution.

Level III Payment Processing allows you to easily and efficiently accept payments online by collecting detail about each transaction – detail required to qualify the transactions you process at the lowest Level III interchange rates offered by Visa® and MasterCard®, which can help reduce processing costs.

Offering these payment methods not only streamlines your accounts receivable process and speeds your cash flow, it can also open up new opportunities with business and government customers who require P-Card acceptance.

Your business and government customers benefit from detailed transaction reporting, which can save valuable time and resources, as well as improved accounting and operational procedures – a win for you and your customers.

KEY FEATURES

- Accept MasterCard and Visa purchasing, corporate, and government cards for Level III interchange rate qualification.
- Use the intuitive online service, which prompts required fields for Level III interchange rate qualification.
- Easily and safely store product and customer information for future purchases.
- Process payments using the Converge TM payment platform with available security features like tokenization for an added layer of protection.
- Add up to 5,000 unique users and assign role-based permissions.

Level III requires a Converge account. Converge is sold in the U.S., Canada, and Puerto Rico. Payments accepted only in the country where Converge was sold. Not all features available in every country.
