

# Poynt Apps Marketplace FAQs

## What is the Poynt Apps Marketplace?

The Apps Marketplace is a one-stop shop of applications designed to enable businesses to be more efficient. Think of it like the app store on your mobile phone. The best part is the list of apps are customized based on the business profiles, so the most relevant apps will always appear first.

## Where do I go to access the App Store?

Simply locate the Apps call-out located on your device's home screen. There, you'll be shown the list of recommended apps to select. Just swipe to find the one you wish to try.

To download, select the app you want. It will prompt a screen that lists the app features, a brief description, and list where to access the free trial (if applicable) or the pricing plans.

## Which Apps are available right now?

Currently, Poynt has released apps through the store that customers can already begin to download. They cover a wide range of categories, such as reporting, employee management, and specific verticals.

Following are the seven available right now:

- Homebase\*
- Apptizer
- Data Sync
- Poynt HQ
- Cash & Tips
- OrderMax
- TruRating

## How much do these apps cost?

Apps come with free trial periods, giving you ample time to decide if it is right for your business. Afterwards, certain apps will require you to pay a monthly fee. The amount will vary from app to app and will be displayed during the downloading process.

## Will other apps be made available for Poynt?

Yes. More applications will be made available as the business needs present themselves. Call us for more information at 847-859-6002.
